

# MARE GROUP: FIRST ORDER FOR UNCREWED SYSTEMS FROM A FOREIGN CLIENT WORTH €1.7 MILLION

MARE GROUP'S EVOLUTION ALONG THE AEROSPACE & DEFENCE SUPPLY CHAIN CONTINUES

Salerno, 21 October 2026

**Mare Group S.p.A.** (ticker **MARE.MI**), a high-technology engineering company listed on Euronext Growth Milan and operating in Italy and abroad in innovation through proprietary platforms ("**Mare Group**" or the "**Company**"), announces that it has secured, through its subsidiary CTMAVIO S.r.l. ("**CTMAVIO**"), its first order for the supply of uncrewed systems, worth approximately **€1.7 million**, from a foreign client, to be completed mainly in 2026.

The order strengthens Mare Group's **international presence** in uncrewed systems and marks a new step in the path that began in 2026: in June, the entry into remotely piloted aircraft, with systems engineering and the development of on-board subsystems; in July, the three-year framework agreement worth approximately €8.3 million for the design and supply of more than 6,000 engine kits for uncrewed aircraft, as announced on 5 June and 28 July 2026.

Execution draws on the **production capacity**, expanded through the recent acquisitions, for precision components and structures for aeronautical, engine and UAV applications, and on expertise in the processing of metallic and composite materials, industrialisation, assembly and quality control.

**Luigi Di Palma, General Manager** of Mare Group, said: *"This order shows Mare Group's industrial transformation: we take engineering all the way to the product, integrating design, production and qualification. The enhanced industrial capabilities give Mare Group a broader role across the supply chain of highly complex programmes, within long-term relationships with international Aerospace & Defence operators".*

## Mare Group

With a history that began in 2001, Mare Group is a High-Technology Engineering company operating in strategic sectors such as Aerospace & Defence, Industry & Transportation, Critical Infrastructure and Building. Listed on Euronext Growth Milan, the company operates as an industrial platform built on proprietary technologies and platforms, thanks to more than 700 people, over 30 offices in 5 countries and the experience of more than 30 research projects completed with Italian and foreign universities. The numerous acquisitions and subsequent integrations carried out since 2019 make Mare Group one of the leading independent players in innovative engineering, in Italy and Europe.
