

MARE GROUP: TEN-YEAR PROGRAMME OF UP TO €16.9 MILLION IN AEROSPACE & DEFENCE

FROM DESIGN TO QUALIFICATION WITH A LEADING INTERNATIONAL OPERATOR

Salerno, 21 October 2026

Mare Group S.p.A. (ticker **MARE.MI**), a high-technology engineering company listed on Euronext Growth Milan and operating in Italy and abroad in innovation through proprietary platforms ("**Mare Group**" or the "**Company**"), announces that it has launched a multi-year supply programme, lasting up to 10 years, with a leading international Aerospace & Defence operator that is already a client of the Company, with a scope of up to €16.9 million.

The programme, defined at the end of a structured negotiation process, is the **first initiative of this size** in the relationship with the client. The activities include the design, prototyping, production and qualification of technology products, covering a broad share of the supply chain.

Thanks to the investments of recent years and its focus on Aerospace & Defence, Mare Group operates across the entire cycle required by the programme: design and simulation, prototyping, production, testing and qualification, also through the testing infrastructure at its Limatola (BN) site.

The programme is already under way with the design and engineering of logistics components. Completion of this first phase is expected by the end of 2026, for a value of €0.130 million. The subsequent phases will be included in Mare Group's **soft backlog**.

Luigi Di Palma, General Manager of Mare Group, said: *"The programme takes an existing collaboration with the client to a new scale. The ten-year horizon supports the planning of skills and long-term investments and strengthens our role in the highly complex programmes of international Aerospace & Defence operators"*.

This press release is available on the Company's website <https://www.maregroup.it/investor-relations> and on the authorised storage and dissemination system "1INFO", "1MARKET" section, available at <https://www.1info.it/>.

Mare Group

With a history that began in 2001, Mare Group is a High-Technology Engineering company operating in strategic sectors such as Aerospace & Defence, Industry & Transportation, Critical Infrastructure and Building. Listed on Euronext Growth Milan, the company operates as an industrial platform built on proprietary technologies and platforms, thanks to more than 700 people, over 30 offices in 5 countries and the experience of more than 30 research projects completed with Italian and foreign universities. The numerous acquisitions and subsequent integrations carried out since 2019 make Mare Group one of the leading independent players in innovative engineering, in Italy and Europe.
