

AEROSPACE & DEFENCE: MARE GROUP SECURES A NEW SIGNIFICANT ORDER

€12 MILLION IN A&D ORDERS SINCE THE BEGINNING OF THE YEAR

Pomigliano d'Arco (NA), May 22, 2025

Mare Group S.p.A. (ticker **MARE.MI**), an engineering company listed on Euronext Growth Milan and active in Italy and abroad in innovation through enabling technologies ("Mare Group", the "Company" or the "Group"), announces that it has secured a new significant order in the Aerospace & Defence sector, bringing the total value of A&D orders to **€12 million** since the beginning of the year. This result confirms Mare Group's solid positioning in mission-critical sectors.

The contracts will be executed over a 24-month period, with at least 40% of the total value scheduled for delivery by the end of 2025. The Aerospace & Defence segment is a **strategic growth driver** for Mare Group, supported by the path undertaken since its listing and strengthened by the integration of recently acquired companies **Powerflex S.r.l.** and **I.D.E.A. S.r.l.**

Mare Group covers the entire value chain with **vertical expertise and high-tech solutions** to support complex engineering programmes along a **clear and sustainable growth trajectory**.

Antonio Maria Zinno, CEO of Mare Group, stated: *"The Aerospace & Defense sector is a cornerstone of our medium-to-long-term growth strategy. We aim to strengthen our role within the European industrial supply chain, which is currently undergoing a revitalization, with over 900 billion euros in planned investments by 2030. In this context, engineering is a strategic asset for the continent's autonomy and security."*

Luigi Di Palma, General Manager of Mare Group, added: *"These new orders confirm our position as a national engineering hub with a strategic focus on dual-use applications. In sectors such as Aerospace & Defense, engineering is a critical asset: our model, based on proprietary technology platforms, is a key factor in supporting the country's technological competitiveness. We go beyond the role of suppliers, positioning ourselves as a technological partner contributing to the implementation of complex, long-term, high-value strategies."*
