PRESS RELEASE

MARE GROUP EXCEEDS €100 MILLION IN ORDERS IN THE FIRST HALF OF 2026

– A commercial pipeline of €124 million strengthens visibility on future growth

Salerno, 20 July 2026

The Board of Directors of **Mare Group S.p.A.** (ticker **MARE.MI**), a high-technology engineering company listed on Euronext Growth Milan and operating in Italy and abroad in innovation through proprietary platforms ("**Mare Group**" or the "**Company**"), which met today, announces that, as at 30 June 2026, **the volume of orders acquired during the first six months of the year amounts to €103.6 million**, of which:

- **€72.7 million** to be executed between **1 January and 31 December 2026**;
- **€30.9 million** relating to **framework agreements or multi-year contracts**, to be executed partly during 2026 and partly in subsequent financial years.

The orders, from leading national and international operators in the Aerospace & Defence, Industry, Transportation and Critical Infrastructure sectors, confirm the marked strengthening of the Company's commercial momentum.

Mare Group's growing presence in Aerospace & Defence and the contribution of the integrations already completed and under way are expanding the company's industrial and commercial capacity, supporting access to programmes of greater size, high technological content and increasing strategic value.

With regard to commercial prospects, the **pipeline, amounting to approximately €124.0 million, broadens visibility on future growth,** and includes offers under assessment by clients and tenders submitted and/or awaiting award.

This figure does not include the effects of the negotiations under way in the field of UAV systems and related technologies, from which the Company expects a further significant contribution to commercial development.

The Board of Directors of Mare Group notes that the volume of orders acquired, the framework agreements under execution and the commercial proposition are consistent with the economic and financial targets communicated to the market as *Guidance* 2026.

Starting from this communication, Mare Group will make available to the market, **on a half-yearly basis**, an update on orders, as a further tool of information transparency for investors.

Mare Group

With a history that began in 2001, Mare Group is a High-Technology Engineering company operating in strategic sectors such as Aerospace & Defence, Industry & Transportation, Critical Infrastructure and Building, with more than 2,000 clients and a subsidiary dedicated to SMEs. Listed on Euronext Growth Milan, the company operates through an asset-light model based on proprietary platforms, thanks to more than 700 people, 35 offices in 5 countries and the experience of more than 30 research projects completed with Italian and foreign universities. The 19 acquisitions and subsequent integrations carried out since 2019 make Mare Group one of the leading independent players in innovative engineering, in Italy and Europe.
